PATENT SKELETON PEN.

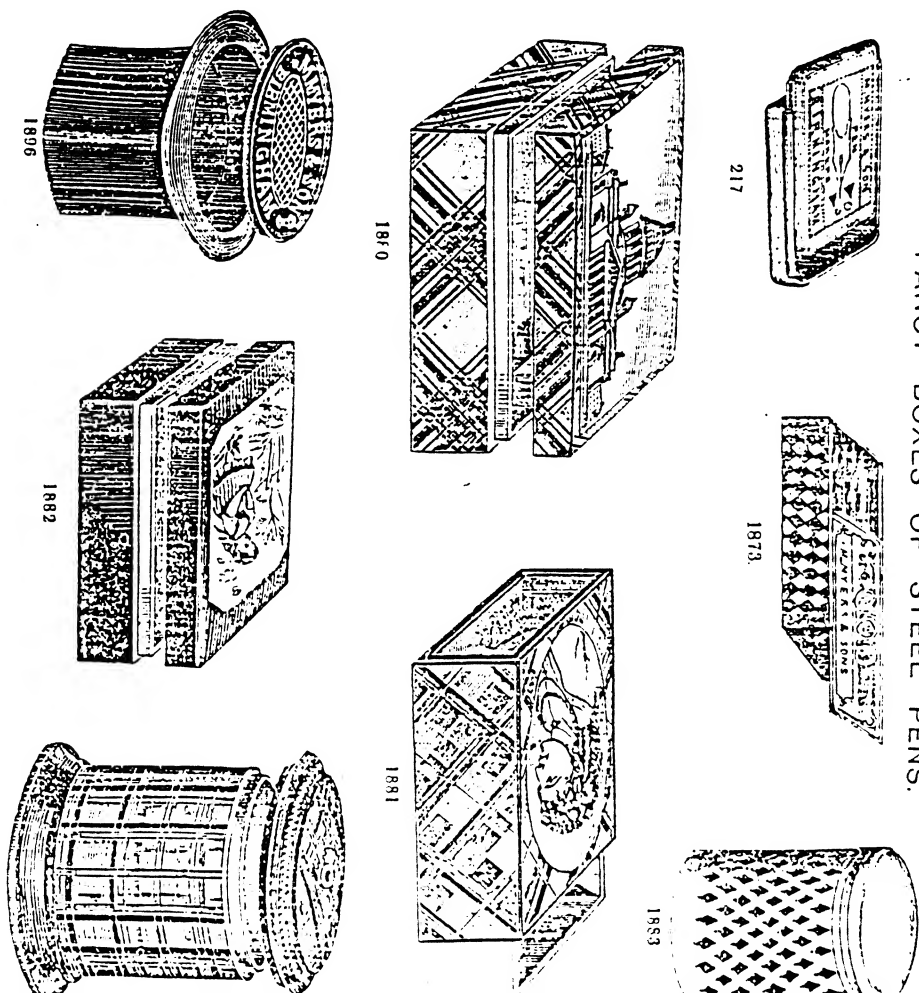

Quill Holders, with Metallic Points. In boxes of 2 dozen Pens, with Holder to each Box (12 Boxes on Card) ... 48/- per Gross Boxes.

Extract from "ILLUSTRATED LONDON NEWS":
 "Improved Steel Pens.—One of the most general objections to the use of Steel Pens is their extreme fragility, a defect which has been effectually prevented in the 'Skeleton' or Metallic Points for Quill Pens, patented by M. Myers & Son, in which the ease and comfort of the Quill is combined with the durability of the Steel Pen."

Charlotte Street Steel Pen Works, Birmingham.

FANCY BOXES OF STEEL PENS.

THE NEW REGISTERED READING GLASSES

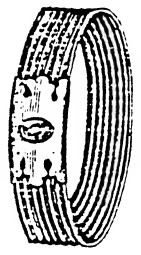

These Reading Glasses are made upon an entirely new and improved principle, the metal rim which holds the lens, being made of solid tube, there is no danger of any part coming un-soldered; they are also much stronger, and have a better appearance than the old kind.

NEW PATENT MARVELLOUS PEARLS

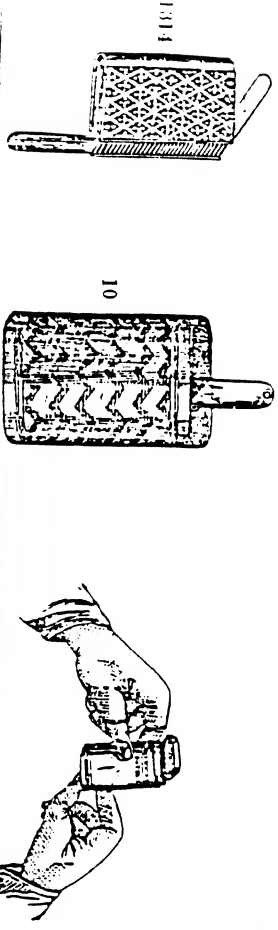

(PATENTED IN FRANCE AND ABOARD)

THE WRITER WITHOUT INK WITH ALL KINDS OF PENS.

Take a pearl with the paper adhering to it. If the weather is dry soften the same by breathing upon it, or by holding it to a mild heat for a few seconds; then press it into the cavity of the pen. Remove the paper and steep the pen in water if you wish to write. One pearl is sufficient for one month. A large pen will hold two pearls. May be had to make RED, BLACK, or VIOLET INK.
Boxes containing Twenty Rolls of Pearls, 3/4 per Box.

A NEW ROUND GAME

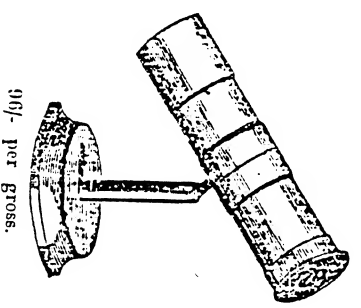

MONACO, OR PARLOUR LOTTERY

This novel and interesting Game is an endless source of amusement to old and young. It is, without doubt, the most perfect Round Game ever invented, and will we feel convinced, be a constant fund of enjoyment through the long Winter evenings; the excitement never flagging for a moment, and as any number of persons can conveniently play at the same time, the Monaco or Parlour Lottery cannot fail to be universally appreciated. We present a sheet of instructions for the Game with each Monaco.

Separately Boxed, 96/- per gross.

THE PSEUDOSCOPE.

The various changes of form and colour which may be soon with this article will be found very interesting to persons fond of studying the blending of colours.

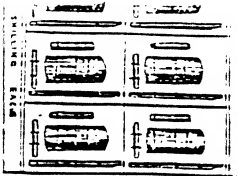

The Pseudoscope may either rest on the Table or can be held up to the eye, when by slightly twisting the tube round, the various formations may readily be seen.

96/- per gross.
